

GIA CLASSIFIED

Date: March 29th 2776

From: GIA Head of Experimental Technologies Division

George Varga

To GIA Director [REDACTED]

Hello Mr. Director, I'm writing this letter to you now telling you that the AI creation was successful. The flash cloned brain method worked flawlessly, and now we have an artificial intelligence that truly thinks and feels. All we need now is to train it and mold it into what we truly need to do its tasks and do them well this is truly the next step in evolution breaking our human limits, making ourselves truly evolved
